University Booth at DATE 2015

DATE, the Design, Automation and Test Conference and Exhibition is the unique European event bringing together researchers, user and vendors as well as specialists in the design, test and manufacturing of electronic circuits and systems.

The University Booth is organized during DATE and will be located in the exhibition area. All demonstrations will take place from Tuesday, March 10 to Thursday, March 12, 2015 during DATE. Universities and public research institutes have been invited to submit hardware or software demonstrations.

The University Booth program is composed by 3D demonstrations from 14 different countries, presenting software and hardware solutions. The program is organized in 11 sessions of 2 or 2.5 hours and will cover four major topics:

- Electronic Design Automation Prototypes
- Hardware Design and Test Prototypes
- Designing Electronics for the Internet of Things
- Designing Electronics for Medical Applications

DATE university booth welcomes you to booth 4 to find out more about the latest trends in software and hardware from the international research community.

Several demonstrators will be shown more than once, giving visitors more flexibility to come to booth 4 and find out more about the latest innovations.

We are sure that the demonstrations will give an attractive supplement to the DATE conference program and exhibition. We would like to thank all contributors to this program.

See you at the University Booth (Booth 4)!

Laurent Fesquet and Andreas Vörg (U Booth Chairs)
