DATE 2017 will feature an Executive and Innovative Technologies & Applications (IT&A) Track, with presentations by representatives leading electronic companies, applied research organizations, and universities around the world. The programme will start on **Tuesday, 28 March 2017** with an Executive Panel Session, which will be held immediately after the Opening Session, and will be followed by two IT&A sessions. The last IT&A Session will be held on **Wednesday, 29 March 2017**. Each session will feature 3-5 speakers and run in parallel to the technical conference tracks. All the sessions will first provide each speaker with a timeslot to present his/her vision, followed by a Q&A. The Track should offer prospective attendees valuable information about the vision of the high-profile speakers with regard to the technology and industry roadmap.
