DATE 2019 will feature an Executive Track, with presentations by representatives leading electronic companies, applied research organizations, and universities around the world. The programme will start on **Tuesday, March 26, 2019** with an Executive Panel Session, which will be held immediately after the Opening Session. The last Executive Session will be held on **Tuesday, March 26, 2019**. Each session will feature 3-5 speakers and run in parallel to the technical conference tracks. All the sessions will first provide each speaker with a timeslot to present his/her vision, followed by a Q&A. The Track should offer prospective attendees valuable information about the vision of the high-profile speakers with regard to the technology and industry roadmap.
