This year too, DATE will have an extra section of the Proceedings dedicated to European Projects. EU Project Coordinators are invited to submit a paper (up to six pages) presenting preliminary ideas, work in progress or lessons learned from the project; papers will be peer-reviewed and selected based on innovation and originality; in particular, we would like to give visibility to papers addressing DATE topics. European Projects papers should be submitted before **Sunday, 14 October 2018 23:59:59 CET**. Submissions need to be made on-line via the following URL:

<https://www.softconf.com/date19/conference>

via the DATE website. For more information, please contact:

Moreover, like in previous editions, DATE offers the opportunity to rent a booth and/or meeting room for presenting project material or demos making DATE an ideal venue to meet your community. For booth rental and room reservations, please contact the DATE Conference Organization (see below).

DATE offers a good value booth package to European Projects/Clusters who wish to show their work and results during the DATE exhibition. Moreover, presenting your project at DATE is an excellent opportunity to promote project continuation and find partners for new projects.
