

PANEL SESSION – Open Source Hardware IP, Are You Serious?

Organiser: P. Parrish, Sun Microsystems, US

Moderator: S. Mehta, Sun Microsystems, US

You've heard about open source software, but what is open source hardware? Come hear experts from across the industry and in academia discuss the new face of open source, Hardware IP:

- What is it?
- How are companies and academics using it?
- Can Open Source Hardware significantly change the design world?
